

November 19, 2014

Radium Technologies Inc.
9720 84 Ave
Clairmont, AB T8X 0M2
CANADA

Congratulations on the completion of your recent health and safety audit. Please find attached a copy of your Certificate of Recognition acknowledging your efforts to maintain a safe and healthy workplace. Your original certificate will be mailed to you via Canada Post.

For 3-Year certificates, the COR issue date is the last day of the on-site audit activities. A COR is valid for three years from the date of issue, providing that all maintenance requirements are met. To maintain your certificate, a maintenance audit or maintenance audit option, such as action plans, must be conducted and submitted annually to Enform for quality assurance. Every effort should be made to complete maintenance audits as close to the anniversary date of your certificate as possible. Enform will send reminder notifications based on this anniversary date. Maintenance audits or maintenance audit options must be completed within the applicable calendar year to qualify for provincial WCB incentive programs. Failure to complete the maintenance requirements described above will result in the cancellation of the certificate.

For 1-Year or 6-Month certificates, the COR issue date is the last day of the on-site audit activities. A recertification audit performed by an external auditor is required to be conducted and submitted in order to renew certification.

For SECOR holders, please note some changes coming soon to the SECOR Program and Training Options. These changes include the release of a new SECOR audit protocol in 2014. Please visit our website at http://www.enform.ca/safety_audits_certification/COR_News.aspx for full details or to view the guideline version of the 2014 SECOR protocol. Thank you for choosing Enform as your Certifying Partner and for your continued commitment to workplace health and safety.

Thank you for your continued support to the COR program.

Regards,
